

21st ANNUAL FORUM SPONSOR PROSPECTUS

We are thrilled to announce the 21st Anniversary of our Annual Benefits Forum, set for **Wednesday, December 17, 2025, at the Irving Convention Center**. You are invited to play a pivotal role in our celebration by participating in this premier educational and networking event.

Join us as we collaborate with Texas employers and their strategic partners to design value-based benefits and health management programs tailored to their needs. The Forum offers valuable opportunities to discover new ideas, evidence-based solutions, and best practices. These insights can assist employers in purchasing high-value healthcare, enhancing employees' overall health and well-being, reducing health risks, and effectively managing chronic conditions, all while controlling healthcare costs.

This year, we anticipate over 500 attendees, including corporate benefits managers, HR executives, corporate medical directors, health plan representatives, benefits consultants, healthcare providers, pharmaceutical manufacturers, PBMs, wellness and disease management organizations, and other health services providers. As a supporter of the Forum, you will have exceptional opportunities to build beneficial business relationships with key corporate decision-makers responsible for human resources, employee benefits, and health management programs. This event also offers an ideal platform to increase your organization's visibility and highlight your commitment to value-based benefits and healthy, productive employees.

Sponsor and Exhibitor opportunities are limited and available on a first-come, first-served basis. Space will sell out quickly, so ACT NOW! Limiting the number of Sponsors and Exhibitors maximizes the opportunity for attendees to meet you and learn more about your innovative products and services.

Please complete and return the attached Agreement along with your payment today. I am confident that your participation will be immensely rewarding for you and your company. Thank you very much for supporting our 21st Annual Benefits Forum.

Sincerely,

Marianne Fazen, PhD
Executive Director
